

Prof. İSKENDER GÖKALP

Personal Information

Email: igokalp@metu.edu.tr

Web: <https://avesis.metu.edu.tr/igokalp>

Address: ODTÜ Makina Bölümü

International Researcher IDs

ScholarID: Yu0ML_wAAAAJ

ORCID: 0000-0002-2684-9622

Biography

Curriculum Vitae of Iskender GÖKALP

Born 27 July 1951 in Istanbul; Turkish and French nationality

* METU, Mechanical Engineering Department, Ankara, Turkey

Tel: +90 539 210 7669

Mail: igokalp@metu.edu.tr

* ICARE-CNRS, 45071 Orléans cedex 2, France

Tel : +33 6 89 09 76 62

Mail : iskender.gokalp@cnrs-orleans.fr

Education and professional positions

1962-1970	Collège Saint-Joseph, Istanbul
1970-1974	Aeronautical Engineer, Istanbul Teknik Üniversitesi
1974-1981	Master & PhD, University Pierre et Marie Curie, Paris VI, Paris
1979-1981	Assistant Professor at the University Pierre et Marie Curie, Paris
1981-1983	Associate Professor at the University Pierre et Marie Curie, Paris
1983-1994	CNRS Senior Researcher, CRCCHT/LCSR, Orléans
1994-Nov. 2016	CNRS Research Director, LCSR/ICARE, Orléans
Nov. 2016-	CNRS Emeritus Research Director, ICARE, Orléans

Dec. 2019- Professor Dr. at METU Mechanical Engineering Department, Ankara, supported by the TUBITAK Outstanding researchers program

Distinctions

- 2006 Chevalier dans l'ordre des Palmes Académiques (France)
- 2014 « Boris Gelfand » Medal of the Russian Academy of Science / Russian Section of the Combustion Institute
- 2018 Fellow of the International Combustion Institute
- 2019 Fellow of the TUBITAK Outstanding International Researchers program

Research laboratories management responsibilities

1983- Founding Leader, « Combustion & Turbulence» research group of the CRCCHT/LCSR/ICARE, CNRS,

Teaching & Educational Responsibilities

Several teaching and management responsibilities at the University of Orléans since 1983 (list on demand). Supervisor of 70 PhD students (list on demand).

2019- Professor of Combustion at METU, Mechanical Engineering Department

[Redacted]
[Redacted]
[Redacted]
[Redacted] (2009, 2011, 2013, 2015)

President of the French Section of the Combustion Institute (1999-2002)

President, ILASS-Europe (2007-2014); Vice-President, ILASS-Europe (2002-2007)

[Redacted] Working
[Redacted] (2014)

[Redacted] (2000-2016)

[Redacted] (2003-2006)

[Redacted] d Combustion Technical Committee du American Institute of Aeronautics and
[Redacted] (1998-)

Founding Director, Franco-Italian Research Group on the Energetics & Safety of Hydrogen (2005-2008)

Coordination of European and international research programs

EU FP7-ENERGY-2011-1 OPTIMASH Optimizing gasification of high-ash content coals for electricity generation (2011-2016) www.optimash.eu

EU FP5-projet AFTUR Alternative fuels for gas turbines 2003-2007

EU FP4-FAIR-projet ACREVO (Combustion of vegetable oils)

(also participant to the EU FP1 to FP3 Energy programs as partner)

EU Training and Mobility of Researchers Program, Project FAPS, several INTAS projects ; and several other projects with ESA, Volkswagen, NSF, NEDO, TUBITAK, ROKETSAN, Tübitak SAGE, CNR...

Coordinator of several French R&D programs in the energy and propulsion domains (list on demand)

Editor of Scientific Journals

* Editor (with Roland Borghi) of the French Combustion Journal "Combustion", Gordon & Breach Science Publishers (2001-2005)

* Associate Editor, *AIAA Journal* (2000-2003)

* Associate Editor, *Combustion Science & Technology* (2003-2010)

* Membre, Editorial Board, *Atomization and Sprays* (2002-2010)

* Membre, Editorial Board, *Aerospace* (2014-)

Reviewer for

Combustion and Flame; Combustion Science and Technology; Atomization and Sprays; Proceedings of the Combustion Institute; Fuel; Energy & Fuels; Flow, Turbulence and Combustion; Energies; Biofuels; Waste Management; Applied Energy; Journal of the Energy Institute; Experimental Thermal and Fluid Science; Journal of Supercritical Fluids; Journal of Fuel Processing Technology; Journal of Fluid Mechanics; Heat Transfer Research; Journal of Chemistry; Tunneling and Underground Space Technology; International Journal of Hydrogen Energy; Journal of Biomass and Bioenergy; Energy and Power Engineering; Physics of Fluids...

And also for the promotion of colleagues at the University of Illinois in Chicago ; Cambridge University ; Cornell University; Pennsylvania State University; NRC, McGill University...

And project evaluator for NASA, NSF, ASI, Canadian Space Agency...

IN ENGLISH

Dr. İskender Gökalp received his Aeronautical Engineering degree from the Istanbul Technical University (1974) and a PhD on Combustion (1981) from Paris VI University (Université Pierre et Marie Curie). Between 1979 and 1983 he was assistant and associate professor at the Faculty of Mechanics of this university and he joined the French National Centre for Scientific Research in October 1983 as Senior Scientist. In 2003, he became the Director of the Laboratory of Combustion and Reactive Systems in Orleans. In 2007, he founded the Institute on Combustion, Aerothermal Sciences, Reactivity and Environment (ICARE) and was its Director until November 2016. In 2011, he founded the French Centre of Excellence on Chemical Kinetics and Aerothermodynamics of Clean and Safe Energy and Propulsion Systems

(CAPRYSESSE); he directed this Centre until November 2016.

His main research domains concern chemical energy conversion for energy generation and aerospace propulsion. Examples of his expertise areas are combustion systems for gaseous, liquid and solid fuels, mainly turbulent combustion, droplet and spray combustion, microgravity combustion, high pressure combustion, coal and biomass combustion and gasification, waste to energy topics (such as the disposal and valorisation of sewage sludge, food and agricultural waste, scrap tires), hydrogen generation and combustion, CO₂ capture and valorisation, combustion technologies for aerospace propulsion.

He is the author of 165 publications referred in the WEB of Science core collection and has an H-Index of 33 with 3186 citations received without self citations. He supervised 70 PhDs in combustion and related domains at the University of Orléans. He had several national and international responsibilities, such as President of the Federation of the European Sections of the Combustion Institute (2001-2014). He was the Principal investigator of several French, European and International research programs on energy, combustion and propulsion topics with various academic and industrial partners. One such recent important program he coordinated was the EU funded project OPTIMASH (2011-2016) on the gasification of Indian and Turkish high ash coals. He also has continuous activities in the social studies of science and technology areas, mainly on interdisciplinarity, social studies of science & technology, dynamics of network industries, both for Turkish and international socio-economic conditions.

Presently, he is an Emeritus research director at ICARE-CNRS, Orléans. In December 2019 he started a research professorship at the Middle East Technical University, Mechanical Engineering Department, in Ankara. This position is supported by the TUBITAK International Fellowship for Outstanding Researchers Program. He is also the CEO of the company IGDEAS Energy and Defence Technologies A.S. located at the Technopark of METU in Ankara

He is Recipient of the French distinction "Chevalier des Palmes Académiques (2006) and of the Boris Gelfand Medal of the Russian Academy of Sciences (2014). He is a Fellow of the International Combustion Institute (2018).
