Advising Theses

- MERZİ N., Optimizing pump schedule and valve characteristics of water distribution networks, Doctorate, G.GENÇOĞLU(Student), 2015
- MERZİ N., Adaptation of water distribution networks for urban renewal, Post Graduate, M.ERTAN(Student), 2015
- MERZİ N., Rehabilitation of water supply systems, Post Graduate, N.TOĞRUL(Student), 2015
- MERZİ N., Rehabilitation studies about storage tanks: A case study, Post Graduate, M.ÇAĞLAR(Student), 2015
- MERZİ N., Qualitative evaluations about the disinfection capabilities of a water distribution network: A model study, Post Graduate, C.NADİROĞLU(Student), 2014
- MERZİ N., Influence of system parameters on the disinfection capability of water distribution networks, Post Graduate, S.KOÇ(Student), 2014
- AKYÜREK S. Z. , MERZİ N., Operation of the water control structures, Post Graduate, O.ÇAĞRI(Student), 2013
- MERZİ N., Operation of water distribution networks, Post Graduate, H.ŞENDİL(Student), 2013
- MERZİ N., Automated calibration of water distribution networks, Post Graduate, Ö.APAYDIN(Student), 2013
- MERZİ N., Evaluation of performance and optimum valve settings for pressure management using forecasted daily demand curves by artificial neural networks, Doctorate, E.YILDIZ(Student), 2011
- MERZİ N., Calibration of water distribution networks, Post Graduate, K.AR(Student), 2011
- AKYÜREK S. Z. , MERZİ N., Developing a methodology for finding network water losses using information technologies: A case study, Post Graduate, H.ONUR(Student), 2010
- MERZİ N., Leakage control by optimal valve operation, Doctorate, T.ÖZKAN(Student), 2008
- MERZİ N., Developing a methodology for the design of water distribution networks using genetic algorithm, Post Graduate, G.GENÇOĞLU(Student), 2007
- MERZİ N., Optimization of water distribution networks using genetic algorithm, Post Graduate, G.GÜÇ(Student), 2006
- MERZİ N., Reliability based water distribution network design, Post Graduate, İ.SAYGIN(Student), 2006
- MERZİ N., Water distribution network design by partial enumeration, Post Graduate, G.KELEŞ(Student), 2005
- MERZİ N., Design of water distribution system by optimization using reliability considerations, Post Graduate, T.AKDOĞAN(Student), 2005
- MERZİ N., A methodology for calculating hydraulic system reliability of water distribution networks, Post Graduate, M.MISIRDALI(Student), 2003
- MERZİ N., Analysis of water distribution networks with pressure dependent demand models, Post Graduate, M.NOHUTCU(Student), 2002
- MERZİ N., Reliability of water distribution systems, Post Graduate, E.YILDIZ(Student), 2002
- MERZİ N., Identifying efficient pump combinations on water distribution networks management, Post Graduate, B.LEVENT(Student), 2001
- MERZİ N., Integration of SCADA (supervisory control and data acquisition) with GIS (geographic information systems) for water quality modeling of distribution networks, Post Graduate, G.BAĞCI(Student), 2001
- MERZİ N., Determination of leakages in a water distribution network using SCADA data, Post Graduate, T.ÖZKAN(Student), 2001
- MERZİ N., Fire flow considerations of water distribution networks, Post Graduate, A.ÜNAL(Student), 2000
- MERZİ N., Hydraulic modelling of water distribution networks, Post Graduate, E.YAĞIZ(Student), 1999
- MERZİ N., Urban stormwater modeling using geographic information systems, Post Graduate, A.FUAT(Student), 1998
- MERZİ N., Analysis of water distribution networks using-informatis systems, Post Graduate, İ.EKER(Student), 1998
- MERZİ N., Hydraulic modeling of water distribution networks, Post Graduate, S.POYRAZ(Student), 1998
- MERZİ N., Determination of inundation maps by geographical information systems: A Case study, Post Graduate, M.TANER(Student), 1996
- MERZİ N., USUL N., Dam-break flood in a natural channel: A case study, Post Graduate, M.MOLU(Student), 1995
- MERZİ N., Hdrolological parameter estimation of the upper Göksu River Basin by HEC-1, Post Graduate,

A.KÖKSAL(Student), 1995

MERZİ N., Stochastic modelling and generation of montly runoffs in Çoruh Basin, Post Graduate, A.YASEMİN(Student), 1995

MERZİ N., Stochastic model for montly streamflows of Çoruh River at gouging station 2323, Post Graduate, G.USUL(Student), 1994

MERZİ N., Stochastic model of mean annual runoff of Çoruh river at gauging station 2316, Post Graduate, S.KARAKILIÇ(Student), 1992

Refereed Congress / Symposium Publications in Proceedings

- **Establishing a Critical Zone Observatory site in Turkey**

DEMİR G., AKYÜREK S. Z. , BİNLEYA., YÜCEL İ., KENTEL ERDOĞAN E., MERZİ N., YILMAZ M. T. , YANMAZ A. M.

European Geosciences Union General Assembly 2017, 23 - 28 April 2017
