

Prof. TÜRKER GÜRKAN

Personal Information

Email: tgurkan@metu.edu.tr

Web: <https://avesis.metu.edu.tr/tgurkan>

Advising Theses

- GÜRKAN T., Reactive extraction of pyruvic acid from aqueous single and mixed acid solutions, Doctorate, M.Esen(Student), 2010
- GÜRKAN T., Selection and utilization of criteria for process development in green production of organic chemicals, Postgraduate, Ş.Haydaroğlu(Student), 2008
- GÜRKAN T., Equilibrium studies on the back extraction of lactic acid from organic phase, Postgraduate, F.Karaburun(Student), 2004
- GÜRKAN T., Equilibrium studies on the reactive extraction of lactic acid from fermentation broth, Postgraduate, B.Açan(Student), 2003
- GÜRKAN T., The reduction of ASH content of Pekmez (Grape Molasses) by ion exchange, Doctorate, C.Öztin(Student), 2003
- GÜRKAN T., YILMAZ L., The effect of support and solvent type on the performance of composite membranes, Postgraduate, T.Şener(Student), 2001
- YILMAZ L., GÜRKAN T., Decolorization of the wastewater of a Baker's yeast plant by membrane processes, Postgraduate, S.Hümeyra(Student), 1999
- GÜRKAN T., YILMAZ L., Development of pan based composite membranes for pervaporation, Doctorate, E.Okumuş(Student), 1998
- ÖZGEN C., GÜRKAN T., Ethanol fermentation with simultaneous product separation in a bioreactor-stripper system,, Doctorate, S.Sain(Student), 1997
- GÜRKAN T., ÖZGEN C., Process synthesis studies in batch distillation column design and operation, Doctorate, D.Alkaya(Student), 1997
- GÜRKAN T., Developing and designing conditions for the prilling of molten aluminum sulfate hydrate., Postgraduate, D.Örnek(Student), 1993
- GÜRKAN T., ÖZGEN C., Synthesis of regulatory control structures for a styrene plant, Postgraduate, M.Türkay(Student), 1991
- GÜRKAN T., YILMAZ L., Separation of ethanol-water mixtures by pervaporation, Postgraduate, E.Okumuş(Student), 1990
- GÜRKAN T., ÖZGEN C., Studies on the control structure for a reactor-separation system, Postgraduate, N.Kayakol(Student), 1990
- GÜRKAN T., Energy optimization in chemical process plants, Postgraduate, B.Işıkkent(Student), 1989
- GÜRKAN T., EROĞLU İ., Kinetics of heterogeneous oxidation of ammonium sulfite, Postgraduate, A.Nufal(Student), 1988
